

# Application for Satellite Earth Station License

With reference to the Act on Electronic Communications no. 81/2003, chapters IV and XII in particular, the undersigned applies for the authorization of the Electronic Communications Office of Iceland (ECOI), to operate a ground station for satellite communications, as further specified below:

## General items:

Applicant: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_

Webpage: \_\_\_\_\_

Contact person/email: \_\_\_\_\_

Nature of Service: \_\_\_\_\_

Class of station: \_\_\_\_\_

Site Location: \_\_\_\_\_

Point of communications (Satellites): \_\_\_\_\_

## Earth station characteristics:

Height of center of antenna above ground: \_\_\_\_\_

Antenna diameter: \_\_\_\_\_

Azimuth angle: \_\_\_\_\_

Elevation angle: \_\_\_\_\_

## Technical description of operation:

Frequency (GHz)	Pol	Emission	TX/RX mode	Power	Min power density / Max power density/ dBW/Hz	Antenna gain	Antenna half-power beamwith	Notes

Sidelobe gain: \_\_\_\_\_

ECOI reserves the right to ask for any additional information that might be relevant to the application.
